

- Pins available:
- 1 .032 Ø x .140 (PC)
 - 2 .038 Ø x .062 with .050 tip (Cable mount)
 - 3 .040 Ø x .250 (PC) (shown)

Note 3:
 + indicates collector for switches, positive for DC output sensors. For AC output sensors the + lead will be nearly in phase with current entering the sensor on the potting side.

A3 case
